

Johnnie Maxine Strawther-Kemp
September 12, 1929 - September 8, 2018

Johnnie Kemp, a wife, mother, grandmother, great-grandmother, sister, aunt, and friend who loved all with immense devotion. A woman of principle, courage, and unwavering strength who overcame trials most will never encounter. She was a loving person who always put others first, especially her children.

Talented is an understatement while describing her many hobbies; sewing, crocheting, quilting, and creating porcelain dolls, all with such impeccable detail.

Her home was filled with sweet aromas of homemade cookies, cakes, pies, and her famous school house rolls. One never left her home hungry and she was the best tea party host.

While we are grieving the loss of the pillar of our family we are grateful for the wonderful memories that will forever be cherished.
