Donna Stephanie Lindsey West, 45, of Lumberton, Texas, passed away July 28, 2021, in her home from ongoing medical conditions that she had been struggling with.

Donna was born in Beaumont, Texas, on December 28, 1975, to Clyde and Donna Lindsey. She grew up in Lumberton, Texas, with her two sisters, Felicia and Tina, where they lived out their childhood days on dirt roads in their country home. Donna started a family at a young age by having her first love of her life, Tanner. He was and always has been the light in her life, the one to keep her going and definitely keep her on her toes! She then went on to have her beautiful Chloe, her baby girl, her best friend. These two shared a bond like no other, you could say they were more like sisters. Then came Baylor Ry, the first grand baby, to say she is spoiled rotten and loved by her “Nonna” is an understatement. She brought so much happiness and joy to Donna’s life when she needed it the most. She has truly been her little Angel, and now she will be hers. Donna only got a small time with her newest grandson, Ezra, but will most definitely be watching down on him from above.

Donna loved with all her heart, she prided herself with her family and was so proud of them.

Donna is preceded in death by her parents, Clyde and Donna Lindsey and Baylor’s mom, Jamie Clift.
